

Antibiotic OR Legislation

© 2017 Animal Agriculture Alliance

May 28, 2017

OR

[HB 2396](#)

Description:

Would prohibit administration of medically important antibiotics to food-producing animals for non-therapeutic purposes unless there is a significant risk of a disease or infection that is present on the premises being transmitted to the food-producing animal; it is necessary to prevent transmission of the disease or infection; it is provided to the food-producing animal for the shortest duration necessary to prevent transmission of the disease or infection; and it is provided to the smallest number of food-producing animals necessary to prevent transmission of the disease or infection. Would require the operator of a CAFO to file an annual report regarding administration of medically important antibiotics to food-producing animals at the operation. Makes prohibition and reporting applicable to provision of antibiotics to food-producing animals on or after January 1, 2018. Declares emergency, effective on passage.

Status: Introduced 1/17/2017

OR

[HB 2598](#)

Relating to the provision of antibiotics to food-producing animals

Description:

Would prohibit administration or other provision of medically important antibiotic to food-producing animal for nontherapeutic purposes. Requires operator of concentrated animal feeding operation to file annual report regarding administration of medically important antibiotics to food-producing animals at operation.

Status: Failed 7/6/2015

Failed

OR

[SB 785](#)

Description:

Livestock producers would only be able to provide a medically important antibiotic to their animals if a veterinarian determines it's necessary to treat or control the spread of a disease or infection, or due to a medical procedure. Farms that are considered concentrated animal feeding operations would have to submit information about their antibiotic usage to the state government, with those records subject to disclosure as public documents.

Status: Introduced 2/9/2017

Pending

OR

[SB 920](#)

Description:

Would prohibit administration of medically important antibiotics to food-producing animals for non-therapeutic purposes. Would require the operator of a CAFO to file an annual report regarding administration of medically important antibiotics to food-producing animals at the operation. Makes prohibition and reporting applicable to provision of antibiotics to food-producing animals on or after January 1, 2016.

Status: Failed 7/6/2015

Failed
